

GROW MORE WITH EPSOM SALTS

STEP 1: MIX WATER AND EPSOM SALTS

Use the ratio: 4 litres of water to 1 Tablespoon of epsom salts.
Stir until the crystals have dissolved.

STEP 2: WATER YOUR PLANTS

Spray or use a watering can on your plants every 10 days, preferably early in the morning.

STEP 3: WATCH YOUR PLANTS GROW

Suitable for herbs, vegetables, and flowers.

STEP 4: ENJOY THE BENEFITS

Magnesium helps support and build healthier, stronger plants.
